IRMER 2000 Regulations: Cavendish Imaging does not routinely report upon scans or radiographs. To comply with the IRMER 2000 regulations all radiographs and scans are required to be reviewed and reported into the clinical notes by the referring practitioner or by a radiologist. Cavendish Imaging strongly recommends that all CT and other radiographic examinations should be reported upon to rule out the possibility of coincidental pathology. Cavendish Imaging offers a reporting service by a Consultant Radiologist.

I have added my patient's **medical history** in the notes above for this radiographic examination to be reported upon by your Consultant Radiologist
 I will make my own reporting arrangements

Appointment times:

Please call us to book an appointment. We can usually offer you day and evening appointments. Please allow 30 minutes for your examination.

Please pay by card. We accept all major credit cards but not Amex.

Cavendish Imaging is registered with most UK medical insurance companies. If your policy covers the whole examination, you will not need to pay anything on the day of your examination as we will claim these costs from your insurance directly. Please ensure that you bring your membership and authorisation number.

Standard Terms & Conditions:

Cavendish Imaging services and products aim at assisting professionals and patients in diagnosis and treatment planning. Cavendish Imaging is not providing and is not responsible for providing any interpretation of images or clinical service such as diagnosis or treatment. Radiology reports can be ordered through Cavendish Imaging; they are provided under the named radiologist's professional responsibility, not under the responsibility of Cavendish Imaging. Data conversion (e.g. simplant, tracing) can be ordered through Cavendish Imaging but the results are not the responsibility of Cavendish Imaging.

Cavendish Imaging endeavours to provide the very highest quality results, however Cavendish Imaging will not accept any liability for incorrect or incomplete information on the referral form or inappropriate or inadequate patient preparation which may compromise the value of the final results. By referring a patient, the referring practitioner agrees to the terms of the Cavendish Imaging standard Service Level Agreement.

Cavendish Imaging endeavours to despatch the images to the referrer and/or the patient as quickly as possible, however e.g. equipment malfunction may introduce delays. Cavendish Imaging reserves the right not to accept referrals in such cases. Also, Cavendish Imaging cannot guarantee when radiology reports and data conversions will be available to the referrers as they are services that we outsource. Cavendish Imaging must be notified 24 hours in advance of the patient's visit to the imaging centre if a particular urgent service is required.

* To be completed by the patient on the day of visit:

Patients who are self-paying for the service(s) that Cavendish Imaging provides, need to settle their accounts on the day of their visit. If not, delay in the processing of the order or the delivery of the complete service may occur.

Patients who are not self-paying for the service(s) that Cavendish Imaging provides, will have the invoice for the service(s) sent to their insurer, referrer, or third party, providing adequate documentation is given to us.

Cavendish Imaging cannot accept any liability for any disagreement between patients and their insurer, referrer, or third party providing payment to Cavendish Imaging on their behalf. In the event of non-payment to Cavendish Imaging, within 2 months of the delivery of the service, the patient is ultimately responsible for settling the invoice.

I confirm that I have read and understood the terms and conditions above.
